

As residents of Cary, NC we have come to depend on K-LOVE for its family friendly programming, and it's Christ-centered music. It has impacted our children's choices in the type of music they listen to and it continues to promote the same family values that we as a family want to instill in our children. It is in the interest of our family and many other families that we know who listen to K-LOVE to continue to allow K-LOVE to broadcast their program to our area.
